FRAME MAKERZZZ MEDIA PVT.LTD.

COMPANY PROFILE 2026

You imagine it. We bring it to life.

An animation and video production studio in Mumbai. Scripting, design, animation and live action, all under one roof.

MUMBAI · SINCE 2015 · WWW.FRAMEMAKERZZZ.COM

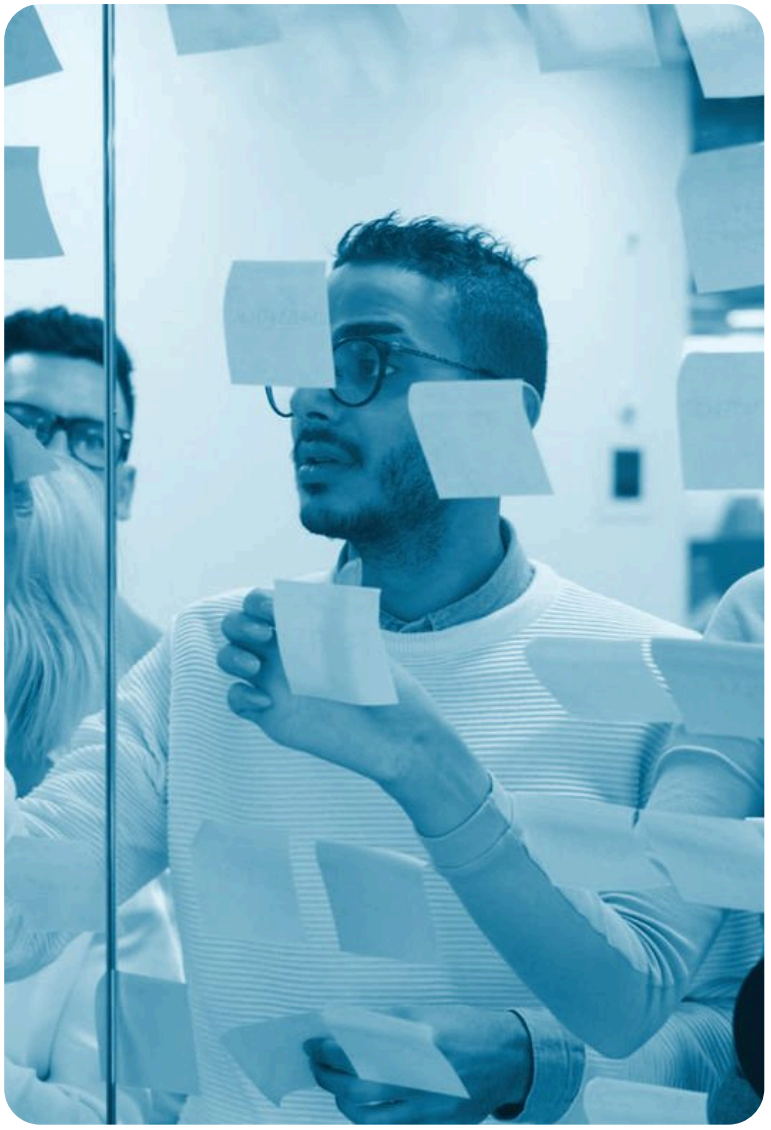

WHO WE ARE

A Mumbai studio that makes video for business.

Frame Makerzzz Media Pvt. Ltd. was founded in 2015 by Jayant and Deepak Batra with one aim: good video should not be out of reach for a growing business. Today we are one of Mumbai's most varied animation studios.

We make 2D and 3D animation, explainer videos, corporate films and ad films. We also shoot live action, with real actors on real locations. We believe effective storytelling is what makes content connect with viewers and drive the action you want.

Scripting, design, animation, voiceover, sound and production all happen in-house. One team owns your video from the first idea to the final file.

MISSION, VISION AND VALUES

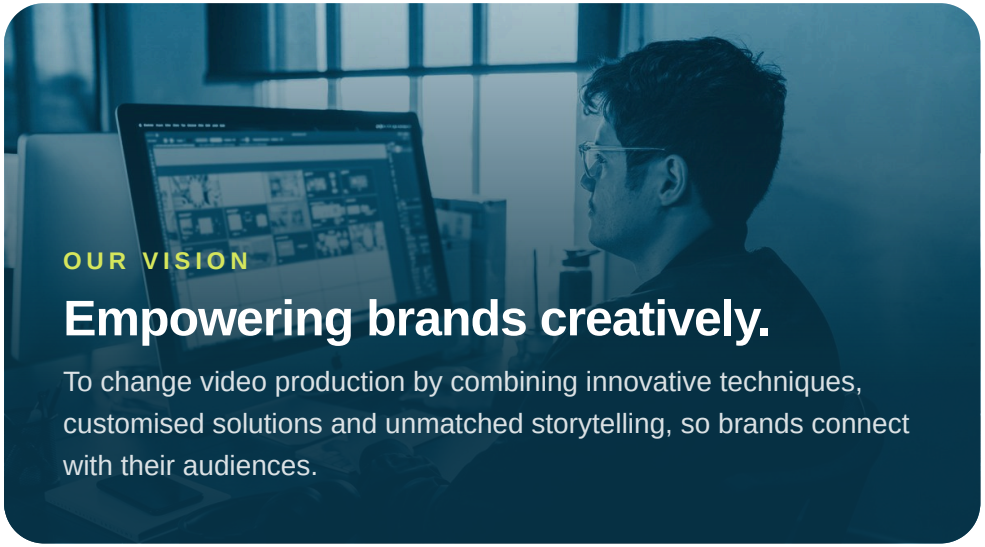

What we stand for.

OUR MISSION

Creating exceptional visual experiences.

To provide high-quality, budget-friendly video production that exceeds expectations, turning creative storytelling into impactful videos that help businesses stand out.

OUR VISION

Empowering brands creatively.

To change video production by combining innovative techniques, customised solutions and unmatched storytelling, so brands connect with their audiences.

CORE VALUE

Customisation and excellence

Every client has different needs. We build each video around your brand and audience, after careful research.

VALUE

Transparent and hassle-free

Clear scope, clear timelines, clear costs. A low-hassle process is what clients mention most.

VALUE

Budget-friendly, never cheap

Options that fit your budget without dropping below industry standards. Quality comes first, always.

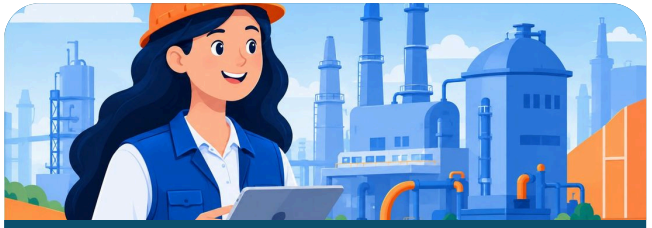

WHAT WE MAKE

Every kind of video, one studio.

Explainer videos

Turn a complex product, service or idea into a short video people understand the first time.

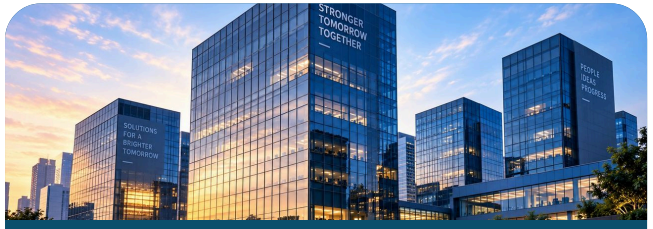

2D animation

Characters, scenes and motion designed around your brand style.

3D animation

Machines, products, buildings and processes shown from every angle.

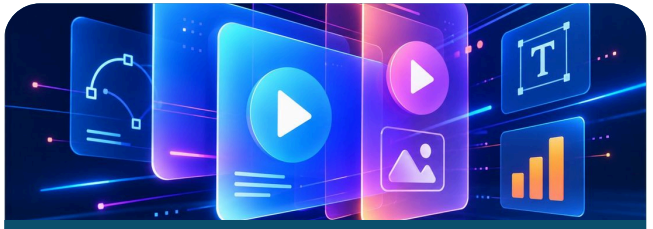

Corporate videos

Company films, leadership messages, plant tours and testimonials, shot on real locations.

Ad films

Brand and product films for TV, digital and social, from idea to final cut.

Motion graphics

Animated text, data and logos for launches, presentations and social posts.

3D product visualisation

Training videos

Induction videos

Safety videos

Also: whiteboard animation, character animation, architectural walkthroughs, drone video, CSR films and WhatsApp video campaigns.

HOW WE WORK

Eight steps from idea to final file.

A clear, step-by-step process, so you always know what happens next.

1

Brainstorming

We dig into your goal, audience and message, and research your industry and competitors for fresh ideas.

2

Script writing

The idea becomes a tight, clear script built around a story people want to follow.

3

Storyboard

Every scene is sketched frame by frame, so you see the video before it is made.

4

Voiceover

A professional voice is recorded to carry your message.

5

Illustrations

Characters, scenes and style frames, designed for your brand.

6

Animation

Everything comes to life, in 2D or 3D.

7

Editing

Music, sound and timing are polished in the edit.

8

Final output

Delivered in every format and aspect ratio you need.

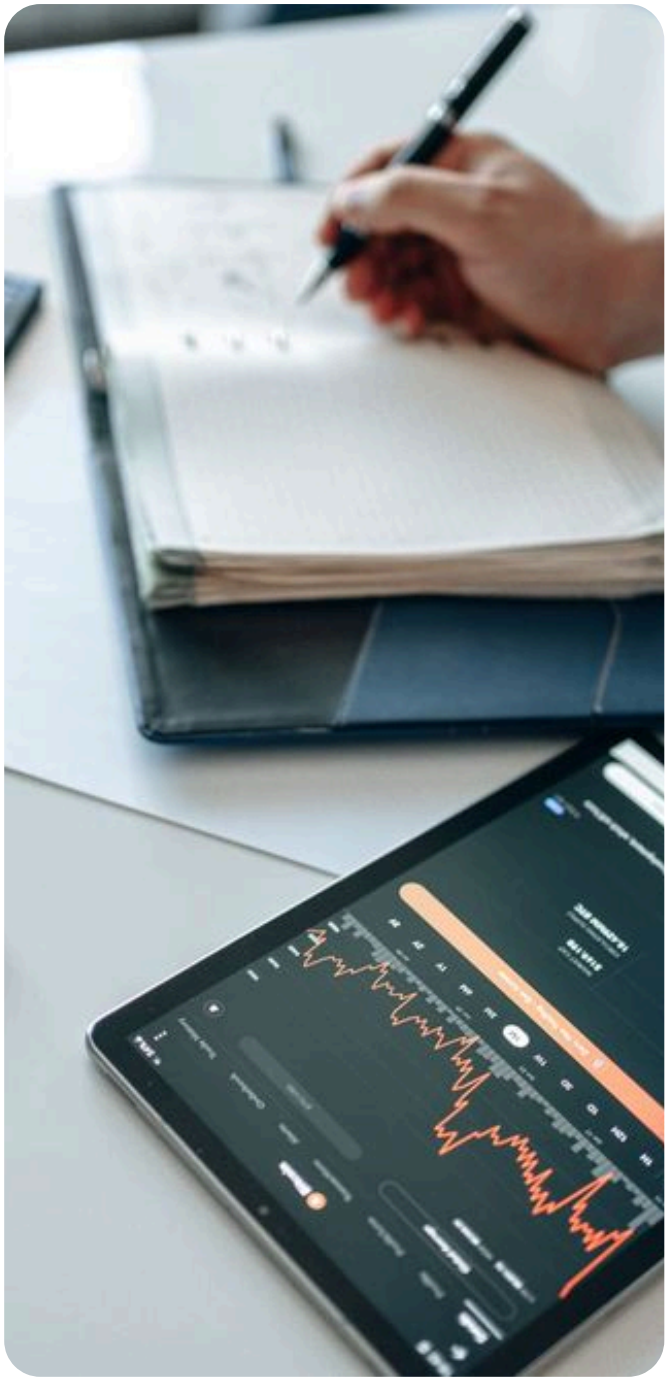

Every step is done in-house by one team.
